

Certify your students' skills

Validate your students' knowledge and skills with industry-recognized certifications for future employment.

What it is

YouScience® Industry Certifications offer students entry- to mid-level certifications that act as tangible proof of their skills and knowledge. Proof that helps them enter the workforce or skip entry-level college courses, gain preferred hiring status, or earn a wage increase.

YouScience offers one of the largest, most comprehensive certification libraries, with 200+ industry certification exams spanning all 16 national career clusters, including the 21st Century Skills exam. These certifications are highly valued by employers and educational institutions, positioning your student for exceptional opportunities.

“I think every student should be working with YouScience to get some sort of certification

— Denise Abbott, CTE Teacher

Why it matters/How it works

By earning Industry Certifications, your student gains a competitive edge in the job market and higher education. These credentials open doors to a wide range of opportunities to and propel them toward a fulfilling and rewarding future.

How it works

- **Backed by expertise:** we partner with employers, community leaders, and content specialists to develop the standards and exams that address industry needs.
- **Aligns with curriculum:** Exam standards closely align with current top curriculum to connect what students learn with their certification.

The power of YouScience

YouScience is the preferred choice of individuals, parents, educators, and counselors to guide and support educational and career pathways, currently serving more than 7,000 educational institutions and nearly one million users.
